6.1 Ordinance O-09-01 Metro Business Recycling Requirement
Continued Discussion

At the request of the City Council, Mike Leichner of Pride Disposal was present to answer questions regarding the proposed ordinance. The Council had several questions including the enforcement provisions and record keeping of recycled materials. Mr. Leichner provided information that is currently available and indicated that some of the particulars regarding this program are still being developed. He commented that the waste haulers are concerned with provisions that limit the local agency control as each local agency is responsible for its own franchise agreements.

Council directed staff to make changes to the proposed ordinance reflecting the city's desire to maintain local control of the requirements and

enforcement. The changes should also reflect that the city is the decision making authority regarding any enforcement or potential fines.
